بِسْمِ اللّٰهِ الرَّحْمٰنِ الرَّحِيْمِ

# *Premalignant lesions of Oral Cavity*

*Dr. Maryam Hosseinpour Sarmadi*

Oral & Maxillofacial Medicine Department  
Tabriz University Of Medical Sciences

# *Toluidine blue staining*

# Biopsy

# *Leukoplakia*

- Idiopathic
- More than 50 years old
- Men
- Types:
  1. homogeneous
  2. non homogeneous

# *Malignancy*

- Mouth floor & Lateral border of tongue
- Loss of heterozygosity

# *Erythroplakia*

# *Proliferative Verruciform Leukoplakia*

- Clinically malignant
- Histologically benign
- Old women
- Mandibular gingiva
- SCC

# *Tobacco Pouch Keratosis*

# *Actinic Cheilitis*

# *Actinic Cheilitis*

- Chronic ultraviolet light exposure
- Actinic keratoses(skin)
- Men >40 years old

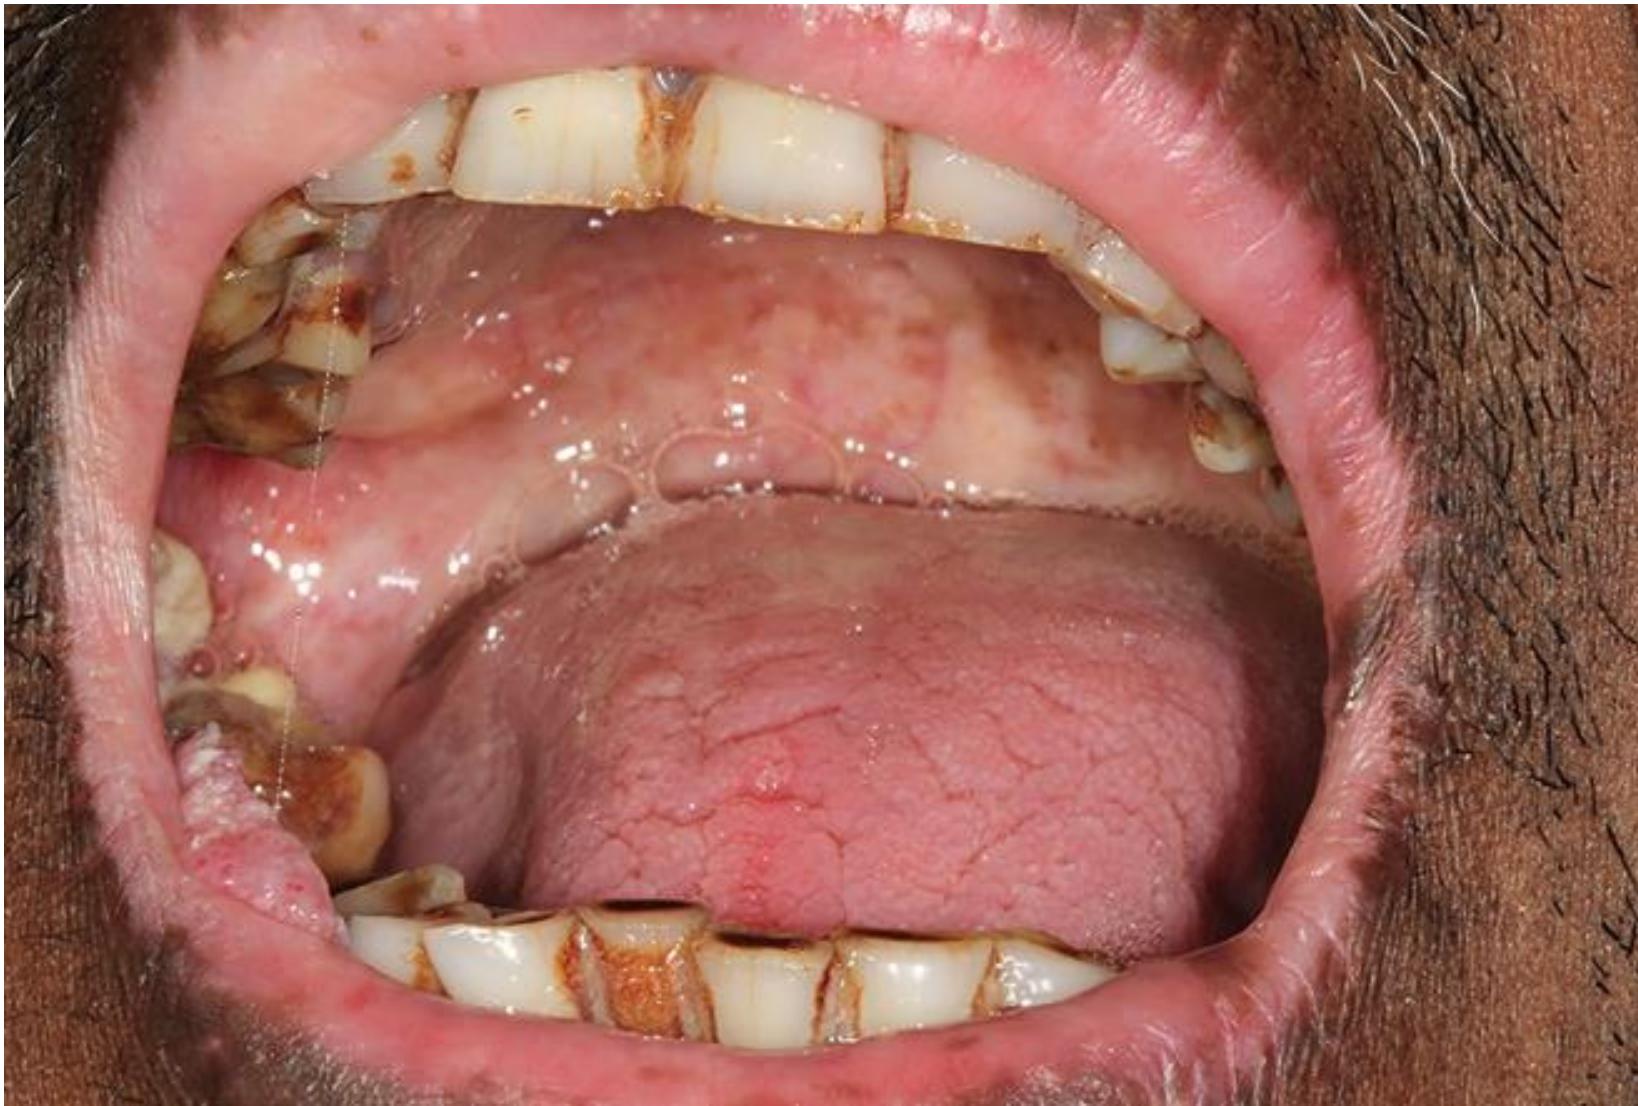

Risk factors:

- Increased age
- Male gender
- Outdoor activities
- Genetic disorders (xeroderma pigmentosum, albinism)

# *Oral Sub-Mucosal Fibrosis*

# *Oral Sub-Mucosal Fibrosis*

- Chronic disease
- Oropharyngeal
- Areca nuts dose dependent relation
- Increase fibrosis
- Increase collagen type 1
- Genetics
- Women
- Less than 20 years old

# *Clinical Findings*

- Erythematous lesions
- Petechiae, pigmentation and vesicle
- White marbling mucosa
- Loss of flexibility

# *Diagnosis*

## Clinical diagnosis

- at least one of the following characteristics:
  - 1) Palpable fibrous bands.
  - 2) Mucosal texture that feels tough and leathery.
  - 3) Blanching of mucosa together with histopathologic features consistent with oral submucous fibrosis

# *Oral Lichenoid Reactions*

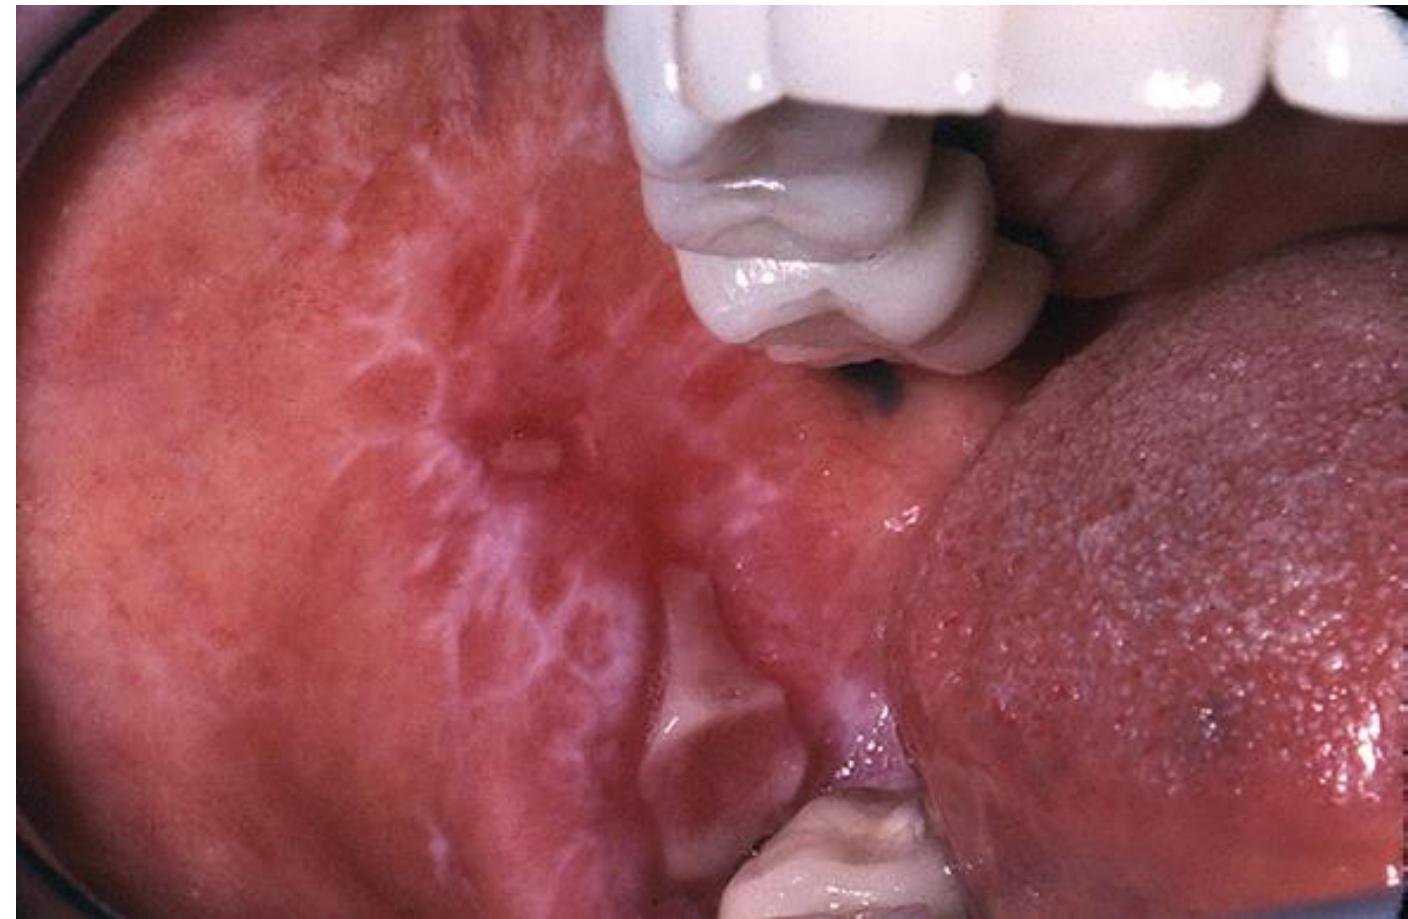

- Oral lichen planus.
- Oral lichenoid contact reactions.
- Oral lichenoid drug eruptions.
- Oral lichenoid reactions of graft-versus-host disease.

# *Oral Lichen Planus*

# *Oral Lichen Planus*

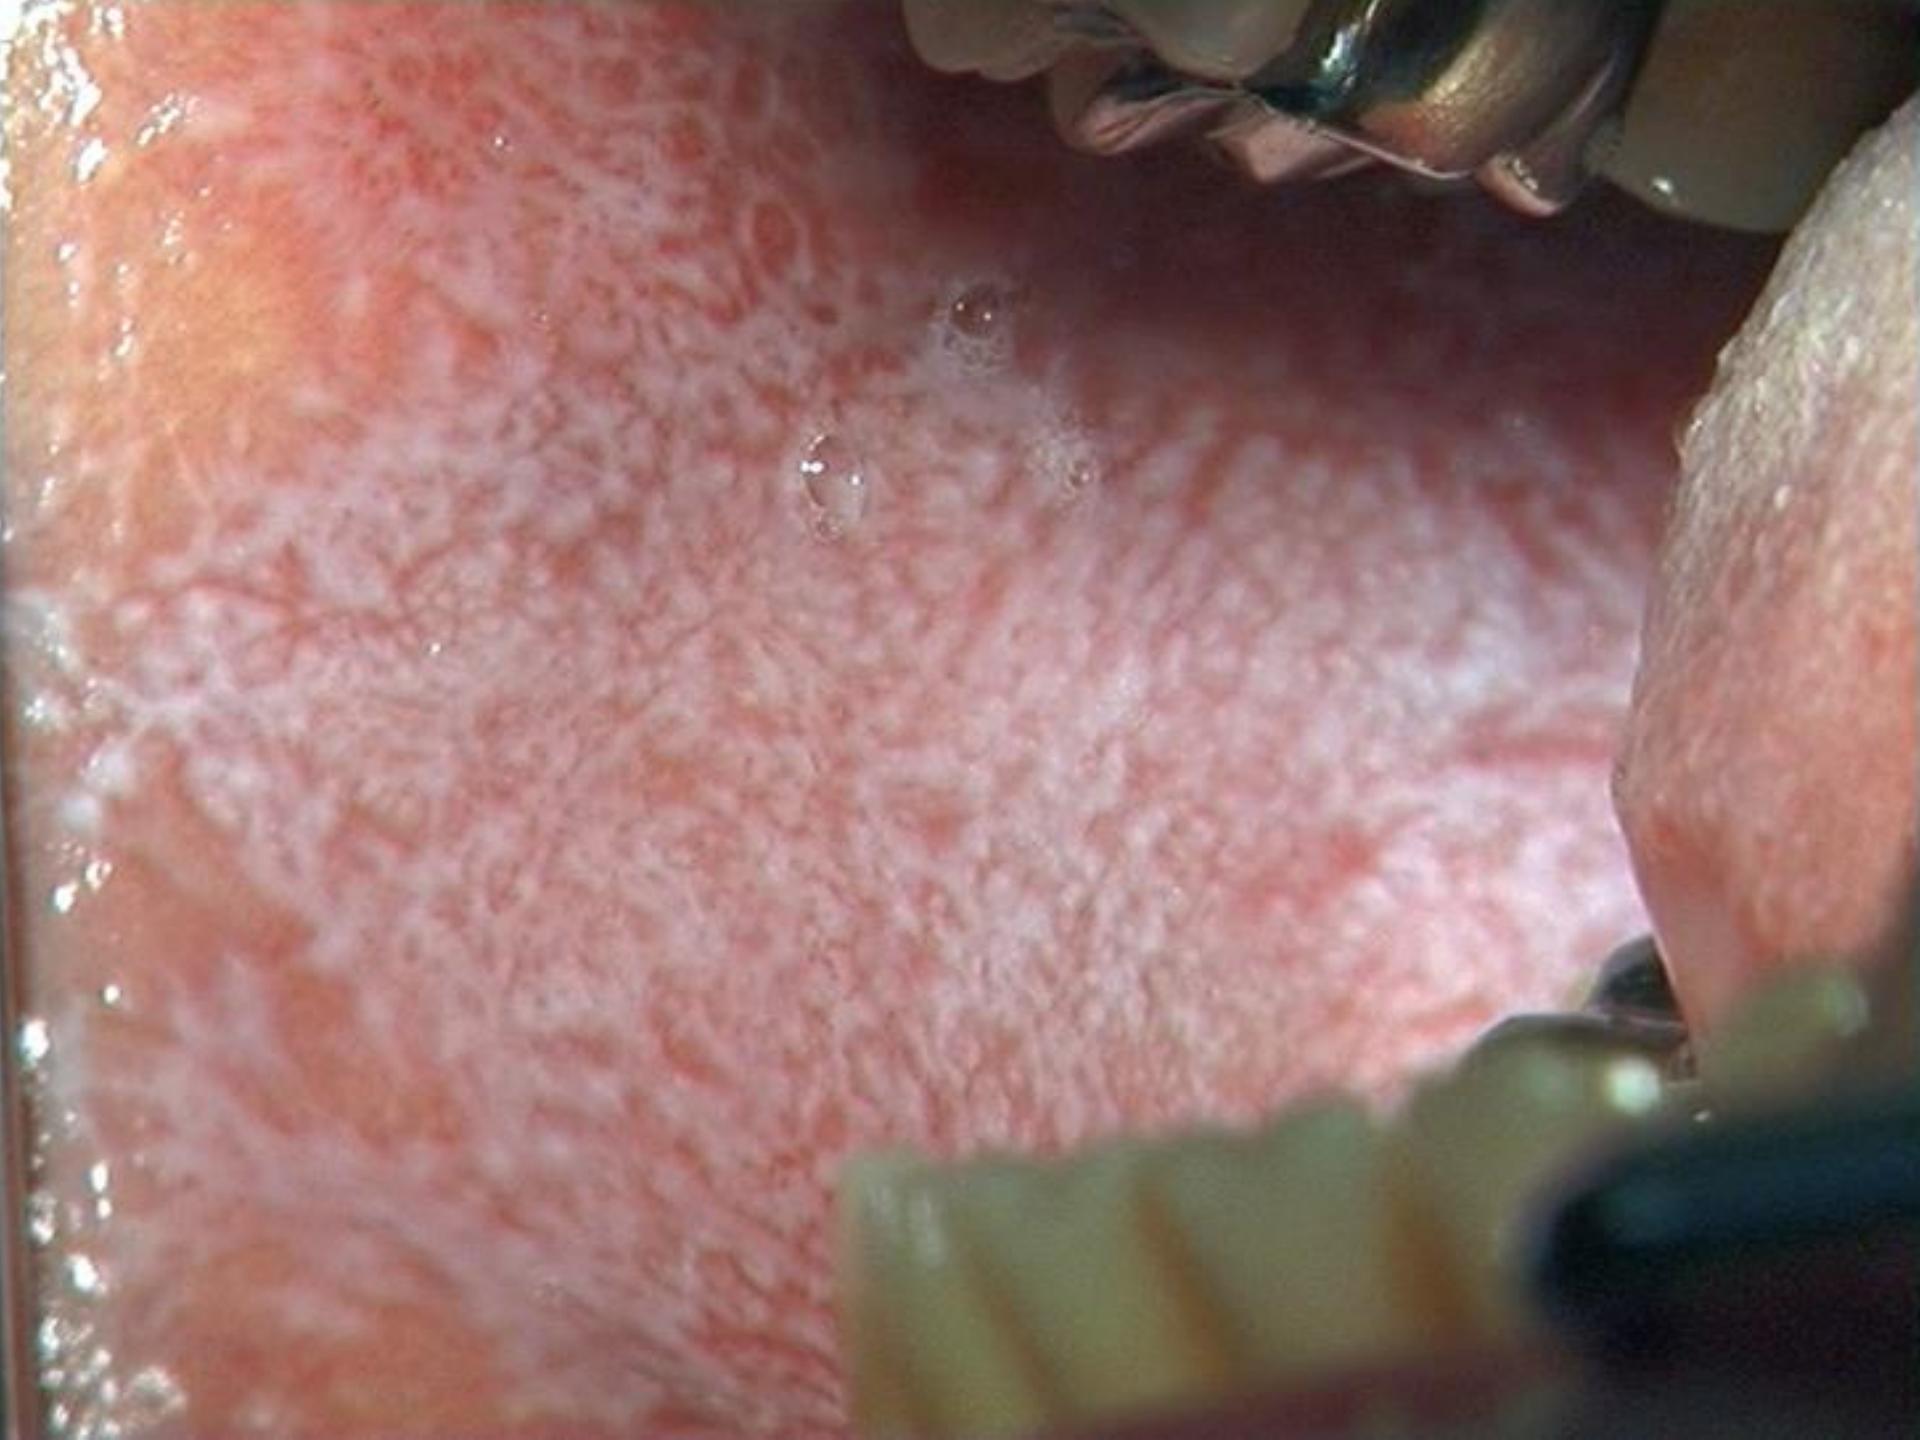

- T cell
- Subepithelial inflammation
- Hepatitis C
- Thyroid problems
- Women
- More than 40

# *Types*

- Reticular
- Papular
- Erythematouse
- Ulcerative
- Plaque type
- Bolluse

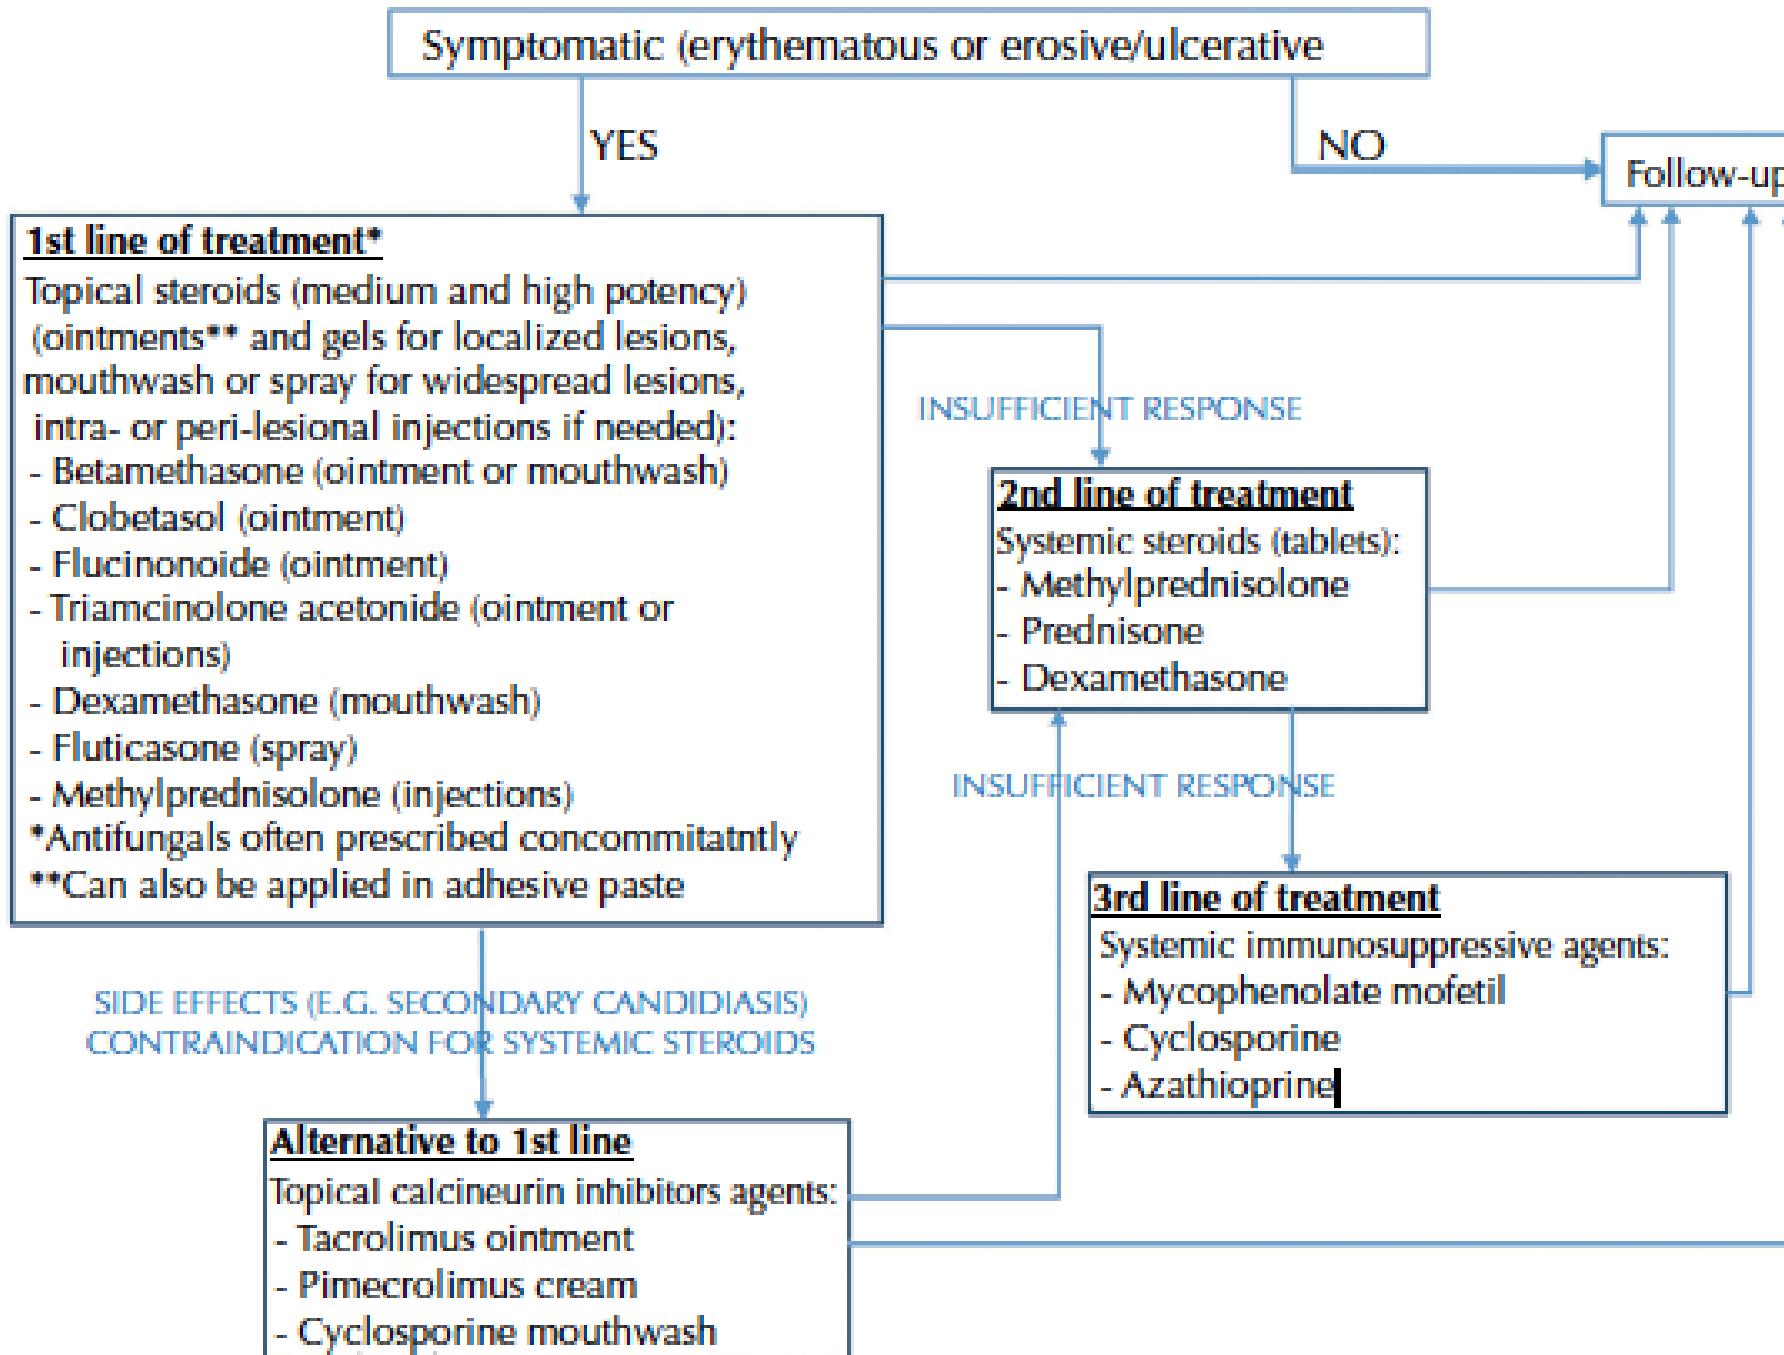

# *Laboratory Tests*

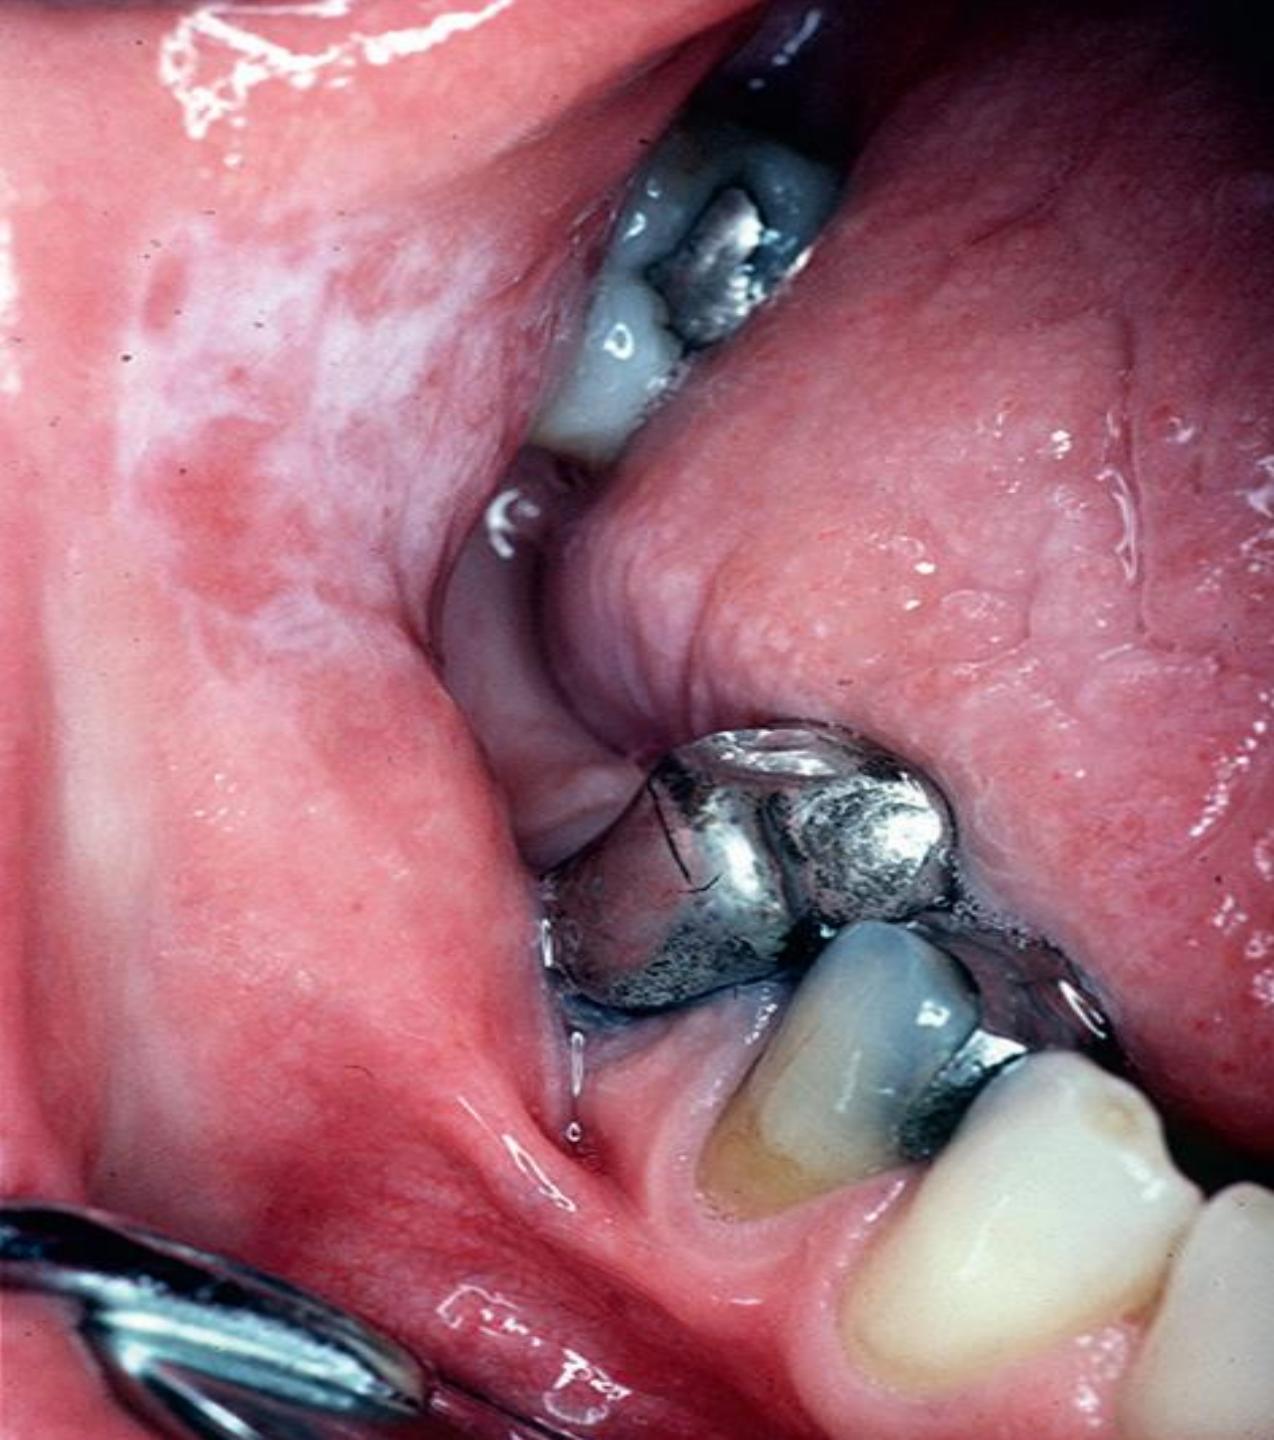

- Iron deficiency
- Thyroid
- Hepatitis B & C
- AST
- ALT
- GGT

# *Oral Lichenoid Reactions*

# *Other Lichenoid Reactions*

- Oral lichenoid drug eruptions.
- Oral lichenoid reactions of graft-versus-host disease.

Thank  
you!
